RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

To assessing officer,

The fact this project has made it this far is an absolute disgrace.
Sand is precious, expensive to move and the beach is the property of the public not the private residents!!!

The nature of coastal management and interaction with vertical seawalls ultimately results in serious beach degradation.

The beach, the waves and the surf is special to all of us locals. The reality and further prospect of this design will compromise and potentially destroy!

I strongly object to this.

Please stop the approval and design of any future vertical seawalls.

Regards,
Tomas Anderson
