RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

My Husband and I do not agree with this proposal and feel that it is quite ridiculous to even be thinking about it. The traffic most of the day in particular School drop off/pickup and peak times is outrageous and often takes us nearly half an hr to get into our driveway on Forest rd as it is completely congested. We are already extremely disrupted by the noise and environmental effects of the Mona Vale rd roadworks, and are concerned the the safety and well being of all the children and Families that live in Warriewood Valley and its surrounds, as well as the huge environmental impact having 48 massive diesel Buses, and fuel. We live in a Valley, that sort of pollution just sits and stays. Please, please consider everyones concerns both for safety and health, and not let this go ahead!!!!!!
