RE: Mod2023/0684 - 1193 Barrenjoey Road PALM BEACH NSW 2108

As a long term resident of the area I strongly support the application. Serving dinner, and providing more opportunities for the local community to come together in our own neighbourhood is a wonderful evolution. This is an iconic building & location that is perfect for a restaurant serving breakfast lunch and dinner. Furthermore the creation of hospitality jobs in the area is a great benefit to the community, and particular younger people that have limited employment options in the area.
