RE: DA2018/1924 - Forest Way FRENCHS FOREST NSW 2086

Hi and thanks for reading.

With the overhaul of the Forest way shops, I feel we al so need to address the traffic surrounding it.

Driving towards the city from the suburbs west of Forest way, we have to drive up to Blackbutts to come down Forest way and onto warringah Ed because grace ave is closed during peak hours - this often adds 10-15 minutes to a journey with multiple traffic light cycles. If we are looking to expand the parking lot at Forest way shops we should provide a way for that traffic to get back onto warringah rd or at least Forest way.
