Hi Phillip

I am a North Curl Curl local and am strongly against the proposed development of a mobile phone tower at the Abbott Road Sports fields.

There is significant research to question the underlying health hazards that may exist both short and long term and, for this reason alone, I oppose this development. Unless long term studies can unequivocally prove that there will be no health hazards with such an installation, I believe it is a risk not worth taking for our community.

Please register my strong objection to this submission.

Best regards,

Haydon Bray
