RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

To the Assessing Officer:

I would prefer not to see a telecommunications tower on our local public land. This site is next to the Curl Curl lagoon. It is an undeveloped area with value to the community. The proposed tower would be seen for miles around. It would not be in keeping with the natural undeveloped character of this public land. It would not be in keeping with the Plan of Management for John Fisher Park. This application also requests "associated equipment", meaning that in addition to the tower, there would be other infrastructure allowed in the park.

None of this is desirable or justifiable from my point of view. There would be strong negative impacts for many people. There would only be a benefit for a private company.

Regards, Marie-France Stockdale
