Officer comments

Council's Biodiversity Referrals team have assessed the Development Application for compliance against the following applicable provisions:

- Warringah DCP cl. E2 Prescribed Vegetation
- Warringah DCP cl. E4 Wildlife Corridors
- Warringah DCP cl. E6 Retaining Unique Environmental Features

Review of the Statement of Environmental Effects and Architectural Plans indicate that the proposed works are located largely within the footprint of the existing dwelling. No prescribed vegetation is required for removal and as such there are no objections in relation to biodiversity.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
