RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

Traffic feasibility study needs to be done on a usual traffic day ie work, school (8-9:30am and 2-3:30pm) and not during shut down.
As it is, It takes excess time to get out onto Jackson road and Garden st. To go to Mona vale, is impossible along Macpherson and ponderosa and dangerous with all the kids. We need better infrastructure and less density!
