Address of commenter 40 CARRINGTON PARADE
Email of commenter [REDACTED]

Comment

As property owners in Carrington Parade, Curl Curl for over 35 years, we have been subjected to increased waste water run off, as the area around us has been developed, this is both surface water and underground water running down the rock face. When the Council curbed and gutted Ellen Street storm water pipes were laid that had insufficient capacity to deal with the amount of water run off that we have today and nothing has been done to rectify this situation.

Therefore until this situation is rectified, which we have been requesting be done for many years, we feel we must be guaranteed that the new application will have provision to adequately with all the water water problems that must occur because of it.
