**RE: DA2021/0004 - 1121 Pittwater Road COLLAROY NSW 2097**

It would be lovely to see this building in action again. It's too beautiful and way too visible to remain empty any longer. It will be uplifting for that section of Collaroy to be busy again. We walk our dog at Griffith Park and dog owners are always talking about how hard it is to get into a vets practice and make appointments. It will be great to have a vet hospital there. It's been reported that during covid, pet ownership increased like never before and having a vet hospital here will help meet the community's need for modern, easy-to-access, local care for their pets. I imagine it will bring a lot of business to that area and the cafes close by too. Win-win! We hope this application is approved.
