Subject: Regarding Mod2021/0047

To Whom It May Concern

I support this application.

The Pittwater RSL Market is an important part of the community. Ease of access (parking) should be encouraged so that more people can use the market. It provides a place for people to purchase their weekly groceries from vendors who grow their own produce outside of Sydney e.g. supporting local growers. It is also a great place to catch up with friends over a coffee and snack. I do not find the markets noisy but rather pleasantly a happy place to go. Please support this modification.
