RE: DA2018/1289 - 1154 Pittwater Road COLLAROY NSW 2097

Proposed works appear suitable to address concerns for protection of private property.. only..
When will Council be undertaking works (as noted on plans..) to protect public areas ..i.e end
of Wetherill / Stuart St and Ramsay St (which has been left to deteriorate since the storm
event).. to ensure these private works and public property aren't damaged in next storm
event.?

Thanks..
Ray Cook
