Re development 37 to 43 hay st we believe it not suitable for the area
Due to its size Impact on a busy section of anzac ave which does not cope with the amount of traffic as it is

The amount of parking in hay st is heavy enough already

Since the right turn off pittwater rd when heading south was shut down for the B line bus ,all traffic to suffolk and norfolk ave etc area all must now use anzac ave hay st or our st bedford crescent

So anymore congestion to the corner of anzac & hay st will be a disaster

Please consider
