Subject: Telephone Tower RSL

Sent from [Mail](#) for Windows 10

Dear Mr Brownlee,

I live at the ANZAC RSL Village and am very worried because my mobile phone reception is so unreliable, sometimes there is no reception at all and other times it breaks up so much that I can't hold a conversation. I and all the other residents depend on our mobile phones and it is really unacceptable in this day and age that we can't even make a simple phone call.

Please help us get the phone tower so desperately needed as we depend on it for all essential services.

Kind regards,

Rose Arrow
