STRUCTURAL PLANS REVIEW
Job No 200612**

Barrenjoey Consulting Engineers pty ltd have reviewed the structural plans as prepared by *McKee & Associates pty ltd Structural Engineers (Project 25722 – Preliminary)* for the proposed development at the above site address.

It is our opinion that these plans will meet the requirements of the NCC / BCA and the relevant Australian Standards ensuring the structural adequacy of the proposed development.

The engineering plans are to be developed in conjunction with this office and a detailed set of plans be issued before construction is commenced.

Should further information regarding this certificate be required please contact our office as outlined below.

Regards
Barrenjoey Consulting Engineers pty ltd
