Subject: 57 Myoora Rd. Terrey Hills

DA2020/0264

The roads in Terrey Hills cannot take anymore heavy traffic. There are only 2 exits, Myoora Rd. past 3 schools or Booralie Rd. past the shopping centre. These are already bottlenecks twice a day. Cooyong Rd. Is weight limited & is used by horses & bikes to access the tunnel under Mona Vale Rd.

Outside 57 the area is virtually a bus terminus for residents. Buses already have difficulty negotiating Myoora with cars parked on either side. At the "terminus", 2 buses dropping off passengers in tangent, causes road stoppages.

The pathway outside 57 is the SOLE paved route to the Schools & after hours childcare. Thus it is busy with bikes, scooters & prams.

Bindook Crescent is directly opposite & , at present, is being evaluated following reports of dangerous egress.
