RE: DA2020/0484 - 7335 / 1152473 Hakea Avenue FRENCHS FOREST NSW 2086

I have no objection in principal to the proposals. However I would question the need for such a high building which is totally out of character with the area and even from the plans on display would alter the street scape. The design itself does not disappear into the background given its light features.

Also the current site houses the working machinery for the cemetery. Where will that now go?
