**Subject:** TRIMMED: Subject: DA2024/1216 - Submission of Support

To whom it may concern,

Having reviewed the abovementioned DA 2024/1216 I would like to express my unequivocal support for the most recent amendments.

The proposed changes and upgrades will help revitalise and improve functionality of a Marina that is clearly in need of some love whilst making considerations for what is needed in the area.

Warm regards,

**Martin Chechelski**
