**Subject:** DA2024/1216 - Submission of Support

I am a 60+ year Northern Beaches resident and have often visited & used the facilities at Davis Marina (now North Harbour Marina).

The DA submitted by the new owner of the North Harbour Marina represents a great concept to improve the existing infrastructure and free up the entrance channel to this beautiful waterway.

It is good to see an experienced Marina owner/operator wanting to invest capital in an asset which serves both the local & wider Northern Beaches community.

I fully support this application and hope that Council provides consent for the suggested improvements to the Marina.

Regards,

Richard Garland
