

Natural Environment Referral Response - Biodiversity

Application Number:	DA2021/1886
Date:	14/10/2021
Responsible Officer	Dean Pattalis
Land to be developed (Address):	Lot 43 DP 6462 , 33 Taiyul Road NORTH NARRABEEN NSW 2101

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The application seeks approval for alterations and additions to an existing dwelling, including construction of a new first floor and construction of a carport of the existing driveway. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act) Pittwater Development Control Plan (PDCP)

- B4.5 Landscape and Flora and Fauna Enhancement Category 3 Land

As the proposal is located wholly within the existing footprint, and does not require the removal of prescribed trees or vegetation, nor is it likely to impact on soft open space or nearby biodiversity values, the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
