**RE: DA2022/0456 - 62 Myoora Road TERREY HILLS NSW 2084**

The entry or exit road onto Myoora Road as part of this development concerns me. My 3 children attend Terrey Hills Public School and due to the proximity of our address to the location, will often be utilising both bus stops outside the school on Myoora road once they start high school. I am supportive of the development in general however this is not the right location for the driveway due to the danger to school students and people using the bus stops. Myoora Road is already a busy road at certain times of the day and is very dangerous during these times when using the road and buses/trucks are coming in the other direction. Please consider safe entry/exit to the development.
