RE: DA2023/0891 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

Dear Nick,

I feel the latest DA application from Pittwater RSL is inappropriate and not suitable or needed in the residential area of Mona Vale road the RSL is located.

Myself and the other residents feel that a LED sign of that magnitude will further disrupt our home environment just as the transformation of a designed, certified and signed off carpark into an outdoor music venue with no acoustic measures put in place before, during or after said transformation.

The sheer size and brightness of this sign does not fit with this residential area. This is Mona Vale on the Northern Beaches not the strip in Las Vegas.

I hope yourself and Northern Beaches council will take into account our submissions against the DA and make the right decision for all the residents of Mona Vale road and the surrounding areas

Kind regards
Lee Danswan
