Arboricultural Statement of Findings

Date prepared: 6th November 2020
Site Address: 6 Kempbridge Avenue, Seaforth NSW
Principal name: Vanessa Miles

This statement has been prepared to identify the species of five trees located within the subject site and confirm their protection status in accordance with the Consent Authority.

Hugh Millington attended the site on Tuesday 3rd November 2020. Four trees located along the rear (eastern boundary) were identified as;

Cupressus macrocarpa (Monterey Cypress) located north east boundary
Cupressocyparis leylandii (Leyland Cypress or Leightons Green) located east boundary
Cupressocyparis leylandii (Leyland Cypress or Leightons Green) located east boundary
Cupressocyparis leylandii (Leyland Cypress or Leightons Green) located south east boundary

One tree located at the front of the site was identified as;

Cupressocyparis leylandii (Leyland Cypress or Leightons Green)

The subject site has not been identified as within a heritage conservation area or within an area containing biodiversity.¹

The site is subject to the Tree Preservation regulatory Controls of Northern Beaches Council ² rendering the five trees identified within this statement exempt from protection. The property owner may remove the trees without applying for Council consent.
