**RE: DA2024/1303 - 11 / 0 Melwood Avenue FORESTVILLE NSW 2087**

Please do not increase the gaming area, we must think about the impact of chronic gaming on peoples and children's mental health.

Please have female only toilets and not just unisex as we have to think about safety of female and children.

Please increase family outdoor space. The demographic of the area has changed and the young family's want and need communal space to gather and spend time together.
