

STATEMENT OF ENVIRONMENTAL EFFECTS

This statement of Environmental Effects has been prepared to indentify the subject site, consider the effects on the surrounding environment, streetscape and adjoining properties. Councils DCP and LEP has been taken into account in the preparation of the report.

Property

The subject property is known as Number **30 Towradgi Street, Narraweena**. The property is located within the Local Government Area of **Northern Beaches Council**. The proposed is capable of sustaining the planned development.

Proposal

The proposed construction consists of a **Deck & New Rear Door**, using colours that will complement the existing dwelling. The total size of the proposal is **40.50m²**,

Proposed Deck to be constructed in accordance with relevant Australian Standards and Building Code of Australia.

Building Height

The proposed building height meets DCP requirements.

Existing Infrastructure

Given the nature of the proposal, we do not believe the proposed will affect the existing infrastructure services related to the subject site in anyway.

Environmental Issues

Property in question is in a Landslide Risk Zone and Preliminary Geotech Aessment provided.

Vegetation

The Deck is proposed to have posts constructed within 3m of two trees on Site and will not require the removal of any trees. The proposal will have no effect on the existing vegetation on the subject property, or the adjoining properties.

Storm Water

The effect of the proposal on the existing stormwater run-off will be minimal. Sufficient landscaped area will remain for natural absorption of rainwater.

Streetscape

The proposal has been designed in such a way that will harmonise with the existing dwelling and surrounding properties. Shape and colour selection will ensure that the proposal will compliment the existing dwelling and will not impact on streetscape.

Setbacks

The proposal **does** meet the front, side and rear setback requirements of the BCA and Council DCP's.

Privacy & Noise

The proposal is not considered to create any visual privacy issues to the adjoining or other surrounding properties. The proposal will not generate additional noise during operation. Normal construction hours of operation and practice are to be followed during the construction phase.

Traffic and Car Parking

The proposal will have no effect on traffic in the surrounding area. The existing dwelling has suitable existing car parking, which enables access to the property.

Conclusion

Our investigation of the property in question and the surrounding area concludes that the proposal will have minimal impact on the adjoining dwelling, environment and neighbourhood. The proposal will complement the existing dwelling and streetscape.

We seek council to view this application favourably

Kind Regards,

**Robert Orehek
