**RE: DA2024/0675 - 80 - 82 Mona Vale Road MONA VALE NSW 2103**

As a resident of the Pittwater area, I fully support the construction of dedicated pickleball courts on the vacant car park area of the Pittwater RSL club. Pickleball is becoming a very popular sport, particularly amongst us older folk, and there are currently only limited areas available to play in the Pittwater area. I particularly like the fact that the DA has considered the acoustic amenity of surrounding residents by including an acoustic consultants report and incorporating their recommendations in the plans (eg a 2.5 metre acoustic wall). I think the courts will be a great asset to not only the club members but to the whole Pittwater community.
