RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

To the Assessing Officer,

I have reviewed the plans submitted to Council in much detail and wish to confirm my support for the proposed development.

The proposed development should provide much needed amenity to the Collaroy Village precinct and help to alleviate the anti-social issues that have been generated from certain patrons staying at the Backpackers building.

The plans submitted to Council are of a high standard and I am of the opinion that this built form will enhance the area.
