RE: DA2019/1480 - 242 Warringah Road BEACON HILL NSW 2100

Please consider the location of this boarding house. There are very real concerns with security and the communities safety. There is already a housing commission complex across the road from this proposed development, every couple of weeks police race to this property and raid it. I've seen blood baths and physical fights outside of this property on numerous occasions which have spilt out onto the street.

Known for drug use, aggressive behaviour and theft. It would be detrimental to the northern beaches community to allow for this to proceed. It would be better relocated to a property off the main road, where if they display undesirable behaviour they are not holding up traffic or putting others at risk.

Narraweena where there are other communities away from the main road and suitable infrastructure for these types of communities.
