RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

The scale of this thing does not fit the area at all . The Bilgola Bends is one of the the last forested main road drives we have , and we should not be allowing it to become suburban built form like areas close to the city . The scale of this development is almost beyond comprehension for this position .

In addition , traffic disruption during and after construction will be a major concern . Please don't keep stuffing up what once was a beautiful area.
