RE: Mod2016/0293 - 80 Evans Street FRESHWATER NSW 2096

I would like to put a strong complaint to the council about the proposal of Ganellan to extend their working hours to 8 pm weekdays and till 3 pm on Saturdays.

For the past 6 months we have endured the massive amounts of dust that covers EVERYTHING , not to mention jack hammering everyday from 730am - 530pm 6 days a week.

We can not open any doors or windows as the amount of construction dust covers all the furniture and our possessions. We have not seen ANY action on their behalf to combat the massive amounts of dust we have to put up with.....very minimal hosing, which is entirely inadequate.

The only reprieve we have is when they stop work at an evening and on Sundays. If they were to extend those hours , it would be unbearable to live here. To even suggest that it may be an option to extend their working hours is an absolute joke.

It seems like they have already gotten away with this change as on a few occasions they have not finished till 8 pm.

We have a life to live here....and our daughter needs to sleep!!
