Hi, I am so sad to see the markets leave Frenchs Forest as it is such a beautiful peaceful community market. It needs a new home and it is great to hear Pittwater RSL have put up their hand to take on the markets on their premises as it needs a new home on the Northern Beaches... even though I'm sad it will be much further for me to travel. It has always been a easy going, peaceful community market and I am sad to see it move but thank you Pittwater RSL !
