RE: DA2018/1708 - 195 Sydney Road FAIRLIGHT NSW 2094

I would just like to write to convey my dismay at the application for a large boarding house to be built on Sydney Road Fairlight. We are near retirement age and have been looking into buying our retirement home in Fairlight but fear this boarding house development will seriously change the whole feel of Fairlight. Surely this is not a suitable development for this area. Parking already is a nightmare along Sydney Road not to mention the aesthetic damage that will be done. Why is the council allowing these beautiful old heritage homes to be demolished to be replaced by ugly modern developments! Surely suburbs such as Dee Why that have already been destroyed by these developments would be more suited to a large boarding house development. I really am dumbfounded that as a council this development would even be considered.
