RE: DA2021/1620 - 31 Moore Road FRESHWATER NSW 2096

This proposed development will significantly increase noise through an external balcony and a recording studio in the middle of a residential suburb. Residential areas should provide rest and reprieve from entertainment and noise. This development intends to install a PA system and populate an external balcony with patrons for hours well into the evening. This is not acceptable and the residents of Freshwater should not be subject to this intrusion. I object to this development and suggest the owners seek to respect the neighborhood they've chosen to occupy and find an alternative solution to run their establishment.
