To whom it may concern,

I wish to express my extreme dissatisfaction with the approval for the DA for 351 Barrenjoey Road (Grocer) which I understand is heading to the Planning Panel on Wednesday 15th December for potentially final approval.

It is extremely concerning the lack of community consultation by our representatives, as a local Newport resident I love the vibrant community spirit we have along with the village feel of the local area. This proposed development is completely undesirable, which will have a negative and adverse effect on the streetscape and amenity of Robertson Road for the next century. There are many other alternative development proposals that could be put forward that will support the growth of the Newport business community whilst maintaining the "vibe" of the area.

Specific frustrations of mine are with the garage entrance on Robertson Road, the unattractive design and lack of community consultation by our representatives.

Please consider the feedback from me and many like minded newport locals

Kind regards,
Pennie McCoy
