Re: Application No. DA2020/0393 - 28 Lockwood Avenue

I have recently come across the new development in Belrose, I currently work at the Glenross Shopping Centre which is located just next door.

I have really struggled to find modern units to rent nearby and currently live 20 minutes away and have to drive to work. The development would be a great opportunity for myself and many of my colleagues who also work at the centre with a longer commute to work to live close by and save on petrol and driving to work on a daily basis.

The centre has everything close by including supermarkets, shops and local cafes and is the perfect place for modern units.

Please don't hesitate to contact me if you have any questions or queries in relation to by email.

Kind regards
