

Natural Environment Referral Response - Biodiversity

Application Number:	DA2024/1618
Proposed Development:	Alterations and additions to a dwelling house including a swimming pool
Date:	17/12/2024
Responsible Officer	Stephanie Gelder
Land to be developed (Address):	Lot 375 DP 752017 , 375 / 0 Joalah Road DUFFYS FOREST NSW 2084

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The comments in this referral relate to the following applicable controls and provisions:

- NSW Biodiversity Conservation Act 2016
- NSW Biodiversity Conservation Regulation 2017
- Planning for Bushfire Protection 2019
- Warringah DCP Clause E2 Prescribed Vegetation
- Warringah DCP Clause E4 Wildlife Corridors
- Warringah DCP Clause E5 Native Vegetation
- Warringah DCP Clause E6 Retaining unique environmental features

Portions of the site are identified on the Department of Climate Change, Energy, the Environment and Water (DCCEE) Biodiversity Values Map (BV Map). Under the NSW Biodiversity Conservation Act 2016, any removal of native vegetation from within mapped areas will trigger the Biodiversity Offsets Scheme (BOS) and the requirement for a Biodiversity Development Assessment Report (BDAR).

However, the submitted plans and documentation indicate that the proposed works are located outside of the BV Map area and therefore will not trigger entry into the BOS.

The proposal has been submitted with a Bushfire report that has indicated that the established asset protection zones (APZs) are sufficient and has not required the removal of additional vegetation. No objections are raised.

The development is designed, sited and will be managed to avoid any significant adverse environmental impact.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

No Clearing of Vegetation

Unless otherwise exempt, no vegetation is to be cleared prior to issue of a Construction Certificate.

Details demonstrating compliance are to be submitted to the Certifier prior to issue of Construction Certificate.

Reason: To protect native vegetation.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Wildlife Protection

If construction activity associated with this development results in injury or displacement of a native mammal, bird, reptile or amphibian, a licensed wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

Protection of Habitat Features

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed during the construction works, except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

Native Landscaping

Any new landscaping is to incorporate a minimum 80% locally native vegetation species as a proportion of the total number of plants. Locally native species are to be consistent with the relevant section of the Native Planting Guide available on Council's website.

Details demonstrating compliance are to be provided to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To ensure compliance with the requirement to retain and protect native planting on the site.

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES**Protection of Habitat Features**

All natural landscape features, including any rock outcrops, native vegetation, soil and/or watercourses, are to remain undisturbed except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.

Control of Domestic Dogs/Cats

Domestic dogs and cats are to be kept from entering wildlife habitat areas at all times.

Dogs and cats are to be kept in an enclosed area and/or inside the dwelling, or on a leash such that they cannot enter areas of wildlife habitat, bushland or foreshore unrestrained, on the site or on surrounding properties or reserves.

Reason: To protect native wildlife and habitat.
