RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

Having a driveway going in and out of Barrenjoey Road around the bends is crazy.

This was a landslide area not that long ago, what has changed ?

I can't even get a simple carport and driveway where I want it on a standard street, I don't understand how this huge development can go ahead. The bends are congested enough on any given day. It will be dangerous to go in and out of that house and to other drivers.

the streets around our house are a carpark and have become single lane streets, why ?
My opinion on the development is a no.
