RE: DA2023/0976 - 20 - 22 Macpherson Street WARRIEWOOD NSW 2102

To Whom It May Concern,

With the ever increasing development in the local area, traffic on the roads immediately around this development and parking in the immediate area has become more and more problematic. Can Council please advise how off street parking is being addressed in this development?

Is the intent for visitors, tradespeople, couriers etc to either double park or park in an already crowded Macpherson Street? Both options would be sub-optimal.

Is it not incumbent upon the Development to provide adequate visitor parking within their proposal?
