**RE: DA2020/0514 - 1 B Bolingbroke Parade FAIRLIGHT NSW 2094**

My family of four is very pleased to hear about the DA application for Bolingbroke parade. During this pandemic Manly boatshed has been a refuge for my own family seeking normality out on the ocean and in the bay. Through access via Manly boatshed I have introduced many other families with young children to the waterways of Sydney Harbour, two of which have purchased vessels and changed the structure of their family downtime to involve the ocean more frequently with positive results across the board for those families. What could be more important than providing access and safety to Sydneys greatest natural resource whilst introducing children to concepts of sustainability and environmental awareness first hand through contact with those waterways. I'm sure they have been many negative responses to this DA from certain demographics who's only positive view of development is one which increases their bank account and property portfolios, with very few of them doing anything to enrich their local community.

I would say approval of this DA for all the reasons stated in the application is the correct move to the greater community, now and into the future.
