RE: DA2022/0469 - 1102 Barrenjoey Road PALM BEACH NSW 2108

This development does not consider the character of Palm Beach. There are some beautiful old buildings on this street and it would be terrible to allow the construction of something so modern and large. It would really change the look of the area and would be such a shame. Also, it looks like there is no space for trees or green areas for the local wildlife. Are you really allowed to build something so 'selfish' on a piece of land. Ridiculous. I oppose this construction on many fronts.
