Hi I live in vineyard street and turning left into my street from warriewood road on a sunday is extremely dangerous. The top end of vineyard street has illegal parking and the street is very narrow with a blind hill on double yellow lines. I notice that this market was held at mona vale park near the library, a few weekends ago and it seemed a very good venue. using the pittwater rsl car park as a venue allows too much congestion on the narrow roads. thank you robyn murray
