RE: PEX2024/0002 - 10 - 12 Dee Why Parade DEE WHY NSW 2099

I have no objection to this development, but am concerned that ;
My experience in living in high rise showed that there are sometimes frequent need to evacuate when fire alarms go off - how would seniors be evacuated when elevators cannot be used?

Also, there is little cross ventilation in high rise and heavy reliance on air conditioning- not always great for good health and wellbeing. Finally, what provision is made for hobbies and interests outside of the RSL? Eg. Gardening, painting etc.

Hopefully Council will be able to put some things in place to provide good living conditions for seniors.
