RE: Mod2023/0684 - 1193 Barrenjoey Road PALM BEACH NSW 2108

I am writing re the application for The Boathouse extension operational hours from 7am to 11pm Monday to Sunda.

This amenity has been greatly missed by both the general public and local residents whilst the very long renovations have taken place.

It is a gathering place for locals and has always been open to the public. The parking has been improved, the site cleaned up and landscaped and we should be very proud and lucky to have such an amenity in the area. It is unusual in its situation being so far from residential houses and has at least a 500m buffer zone. I fully support the extended opening hours.
