RE: Mod2023/0684 - 1193 Barrenjoey Road PALM BEACH NSW 2108

I strongly feel that the local community as a whole would benefit from an evening dining experience taking in the beauty of our local landscape and offers residents a beautiful dining experience in our own picturesque backyard. The opinions of one shouldn't ruin the enjoyment for many locals who have been waiting for a new experience to bring Palm Beach back to life.

It is so wonderful to be able to stay in our local area to enjoy a wonderful dining experience without travelling out of area or settling for the limited other options available.
