Subject: Application number: Mod 2021/0203

My wife and I live at 970 Barrenjoey Road, Palm Beach.
We wish to object to the above application.

The size and scale of this proposed development is completely out of keeping with this part of Barrenjoey Road and would totally dominate this precinct. Barrenjoey House would be absolutely dwarfed by this structure, the height of which also does not comply.

I was not aware of this application for Modification. Was there any signage for this displayed at the site?

MICHAEL PARSONS.
