RE: DA2020/1748 - 10 Kangaroo Street MANLY NSW 2095

We have reviewed DA2020/1748 and broadly support the application.
We note an increase in roof height from the existing height on the north-western corner.
Given there is significant visual overlook to our balcony on the western side (and the balcony of #12 Kangaroo street) we request a fixed privacy screen on the north western corner, spanning the entire western side of the balcony.
Yours sincerely,
Don and Jenny Sillar
