Attn: Adam Mitchell

Dear Adam,

Development Application No. Mod2022/0070

Description: Modification of Development Consent N0440/15 granted for the construction of a residential development, comprising 81 dwellings

Address: 8 Forest Road WARRIEWOOD

Reference is made to the proposed development at the above area and Aboriginal heritage.

An Aboriginal Heritage Due Diligence Report was written by Futurepast – Heritage Consulting Pty Ltd in October 2015. The recommendations made in the report are:

Recommendation 1

All relevant staff and contractors should be made aware of their statutory obligations for heritage under NSW National Parks and Wildlife Act 1974 and the NSW Heritage Act 1977, which may be implemented as a heritage induction. Recognition should be made of the views and advice that has been provided by the project by the Metropolitan LALC that have been consulted with for the project.

Recommendation 2

As advised by the Metropolitan LALC representative must be on site to monitor the ground disturbing works related to the removal of refuse on site (in particular the various rubbish mounds scattered throughout the site). In addition, a Metropolitan LALC representative must be on site to monitor the clearance of 0.1ha of vegetation to the south for the fire access pathway. During all other times, a stop work protocol should be implemented as outlined in Recommendation 3.

Recommendation 3

In the unexpected circumstances that any Aboriginal objects are unearthed as a result of the proposed site works, it is recommended that activities should temporarily cease and the area be cordoned off. The Office of Environment and Heritage must be notified by ringing the Enviroline 131 555 to advise on the appropriate course of action to allow the MLALC to record and collect the identified item(s).

Recommendation 4

In the event that skeletal remain are uncovered, work must stop immediately in that area and the area be cordoned off. The client must contact the NSW Police and take no further action until written advice is provided by the Police. If the remains are determined to be of Aboriginal origin, Heritage NSW (formally the Office of

Environment and Heritage) must be notified by ringing the Enviroline 131 555 and a management plan must be developed in consultation with the relevant Aboriginal stakeholders prior to recommencement of works.

Recommendation 5

If, during the course of development works, suspected historic heritage places or items are uncovered, work should cease in that area immediately. The Heritage Branch, Heritage NSW (formally the Office of Environment and Heritage) should be notified and works recommenced only when an approved management strategy developed and the relevant permits are in place.

Kind regards,
Susan Whitby
