**RE: REV2021/0006 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100**

I wish to OBJECT to the revised DA for this property. This is the third attempt the property owner/developer has had at pushing through a totally inappropriate development in a very sensitive natural area of the Northern Beaches. This development will compromised the natural bush of Manly Dam War Memorial Park, destroy native flora and fauna, not to mention the significant trees that will be lost. It must also be remembered that this development seeks to take Crown Land currently for public use for their own financial gain, giving back nothing but devastation to an already compromised and diminishing beautiful natural bush area.
