Re DA2024/0815 – 3 Tobruk Avenue Allambie Heights

To Whom It May Concern,

We currently reside at 5a Tobruk Avenue, Allambie Heights. Upon reviewing the plans for application DA2024/0815, we have identified a significant concern regarding the potential reduction in afternoon light within our main living spaces, specifically the kitchen and living room, as a result of this project.

This issue is illustrated in the shadow diagram provided below and is detailed on page 11 of the Master Set Plans. Given the impact on our natural light, we are hesitant to support the approval of this proposed scope of works.

We kindly request that our concerns are taken into consideration when evaluating this application.

Regards,

S & J Ollivier
