RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

It is important that the market continues at Monavale because of the important social role the market plays, it brings organic and fresh produce to a large number of people on the Northern Beaches, employment to locals, accessibility of the market for those who work during the week as it is held on a weekend, and it activates tourism on the Northern Beaches at the weekend. It was also a pioneer of food markets in Sydney, and finally, My children and many others reap the benefits of such a heartening local initiative, its brings us closer to share simple things like music and food and connects us to community, farmers, food and culture is a world where these simple pleasures are disappearing.
